In today’s tough business environment, it takes more than product knowledge, technical competency, or social media contacts to be successful. Professional knowledge and organizational contacts can become obsolete with the next change in technology or shift in organizational structure.

SUCCESS IN TODAY’S WORLD REQUIRES AN EXTRAORDINARY AMOUNT OF RAW PEOPLE SKILLS. YOU’VE GOT TO KNOW HOW TO START AND BUILD RELATIONSHIPS...ON AND OFF THE JOB. AND YOU’VE GOT TO KNOW HOW TO WORK WITH OTHERS...SO TEAMWORK BECOMES A REALITY RATHER THAN A BUZZWORD.

Unfortunately, many people receive little to no training in how to make relationships work. They’re given a job and told what to do, but they may be left on their own to figure out how to do their work with others.

In this program, you will sharpen the tools you need to communicate more effectively, build relationships more easily, and get the cooperation of others more quickly. You will learn how to gain respect, present your ideas, minimize opposition, and defuse conflict with coworkers, customers (and yes, even family members) so your partnerships don’t fall apart, even under stress and pressure.
